

glider evo free cla

GLIDER EVO FREE CLA: air cooled liquid chiller with free-cooling system in A class energy efficiency for outdoor installation, equipped with screw compressors and axial fans
 Q: 24 models available, for a wide selection opportunity
 T: Average step of 50kW

glider evo free cla

rcgroupairconditioning

MAIN FEATURES

- Air cooled liquid chiller with free-cooling system in A class energy efficiency
- 24 models available, for a wide selection opportunity.
- Average step of 50kW.
- EER up to 3,34.
- ESEER up to 3,83.
- Twin-Screw compressors.
- R134a Refrigerant charge.
- Double refrigerant circuit.
- Shell and tube evaporator.
- AC Axial fans.
- Double air circuit.
- Electronic expansion valve.
- Suitable for outdoor installation.

MAIN BENEFITS

- Indirect free cooling system.
- Availability of Glycol Free system.
- Availability of kit for the reduction and the extreme reduction of the noise.
- Availability of pumping groups.
- Availability of partial heat recovery system.
- Complete set of components dedicated to the safety of the unity.

INDIRECT FREE COOLING SYSTEM: The accessory allows to use pure water instead of antifreeze solutions in the hydraulic circuit of the plant.

GLYCOL FREE: The accessory allows to use pure water instead of antifreeze solutions in the hydraulic circuit of the plant.

A CLASS ENERGY EFFICIENCY: The best and most accurate components applied to the chillers.

WORKING LIMITS IN COOLING MODE
 $Q_{cooling} > CQ$
 $O.P. > BCQ$
